AUTHOR'S NOTE

Dearest Ones,

WELCOME TO THE TRUE SKY ASTRO ALMANAC PISCES 2023. Please use this True Sky Astro Almanac to guide your individual experience and our collective experience, as our star, the Sun, journeys with the constellation of Pisces.

The information presented in this Almanac relates directly to the placements of the cosmic bodies in the sky. These dates differ from mainstream Western/Tropical astrology. There is nothing inherently wrong with Western astrology. The data used however, is based on an archaic system that provides inaccurate data compared to what is actually happening in the sky. True Sky/Sidereal placements create a new relationship with how one receives cosmic data. If you engage with Western placements, I invite you to use this True Sky Astro Almanac to learn more about the True Sky placements. I invite you to feel if there is a shift in resonance. I have found time and again that True Sky placements elevate and liberate energy.

If you are looking for analysis or specifics on oppositions, trines, squares, sextiles, individual transits, foundational birth chart readings, or house data, please book a 1:1 www.thisgentleway.com.

To create this True Sky Astro Almanac, I pulled charts from Mastering the Zodiac www.masteringthezodiac.com and cross referenced the data with the Night Sky app <https://apps.apple.com/us/app/night-sky/id475772902>. Please inform me if you find inaccurate data.

The archetypal analysis used in this True Sky Astro Almanac comes from the Golden Age Leadership Astrology (GALA) lens brought through by Chalice Grove www.chalicegrove.com. GALA weaves together multiple perspectives, harmonics, and frequencies to integrate elevated data.

I am honored to do this work. I am continually fascinated by the wisdom of the Cosmos.

I am Grateful for this day, I am Grateful for this life, I am Grateful for all things.
I bow to the Divine Light in all of us. Thank you as always for showing up.

With Joy, Love & Gratitude,
Tori
