Discovery of True Sky Astrology

- Traditional astrology labeled him Virgo at birth (2019).

- True Sky later confirmed he is in fact a Leo, validating her intuitive knowing.
- Demonstrates how True Sky placements often align with lived, felt experience.

Identity Shifts and Initiation

- Discovering True Sky placements can change one's Sun sign and sense of identity.
- This shift invites evolution rather than attachment.
- True Sky astrology is about embodiment, resonance, and truth, not prediction.
